

GOVERNMENT POLYTECHNIC COLLEGE FOR GIRLS, JALANDHAR

Electronics and Communication Engineering Department

Ambika

I joined GPCG, Jalandhar as a LEET candidate in Department of Electronics & Communication Engineering. My stay at the college was great and a memory to cherish for lifetime. It was full of learning and grooming oneself. It gave me an opportunity to meet different kind of people and learned many things. I am thankful to all the faculties, mentors and entire GPCG, Jalandhar as well as placement cell. The regular interaction with the Placement team encouraged me to excel in my interview and developing skills that helped me to get placed in 2 companies- Centum Electronics, Bangalore and Infosys. Overall it was a great experience and lifetime memory at GPCG, Jalandhar.

GOVERNMENT POLYTECHNIC COLLEGE FOR GIRLS, JALANDHAR

Electronics and Communication Engineering Department

Shinika

I am happy to be a product of this esteemed institution. GPCG, Jalandhar not only provides a platform to enrich academically but also emphasises on the all-around development of the student. The teachers and mentors are really helpful and helped me to secure Top positions in board results. I had a wonderful experience of learning with academic exposure to reputed industries and hands-on Electronics & Communication Techniques. The placement cell provides a lot of training and development to achieve a good job. I am currently placed in Lumax Industries, Bawal, Haryana due to their continuous efforts and guidance.
