GPCG is not mere an education institution but an important part of my life which has actually shaped not only my career but also my personality. As a person, it has helped to grow and motivated me to face the entire problem with grace and wisdom. Each and every single faculty member is so helpful and kind towards all the students of GPCG. They encourage all the students in every field whether it is studies or any other extra curriculum activity. After completion of my D-pharmacy i got placed as pharmacist at Apex hospital, Jalandhar. My heartily thanks to all the teaching staff who helps me in achieving my goal.
