

GOVERNMENT POLYTECHNIC COLLEGE FOR GIRLS, JALANDHAR

Chemical Engineering Department

Ishika Saini
Chemical Engg.

I am Ishika Saini, My last semester ends in Oct 2020 period of COVID 19 tough time for all of us. After successful completion of my diploma in Chemical Engineering from GPCG Jalandhar, I have not thought about my placement at that time as the situation of our country was not good. But One day I got call from my placement cell for online interview in BPCL for Apprenticeship. And I got this opportunity to work in a BPCL (Bharat petroleum corporation limited) as a apprentice in Quality Assurance NABL accredited Laboratory. The knowledge I gained from this Institution gave wings to my career. My Teachers helped me to realize the dream of mine. This job helped me in supporting my elder brother for completing his higher studies. Now I have successfully completed my one year apprenticeship. Now I am working as a Laboratory assistant on contractual basis for more knowledge and work experience about this field in BPCL Quality Assurance NABL accredited Lab. The support and the motivation that I received from the faculty members and placement cell has been extremely important in shaping me as a professional.

GOVERNMENT POLYTECHNIC COLLEGE FOR GIRLS, JALANDHAR

Chemical Engineering Department

Maninder Kaur
Chemical Engg.

Hi I am Maninder Kaur, a student of GPCG Jalandhar. I have done my Diploma in Chemical Engg in June 2021. I gained knowledge that gave wings to my career. I got placed in G.S. Paint Industry in Focal Point Jalandhar. This job helped me in supporting my family. I always thankful to all the faculty members for motivating and encouraging me in empower myself. I am really thankful towards our college and placement cell, for supporting and providing us opportunities to learn interview skills, communication skills and guiding us in placements. The staff was supportive and informed us with enough notice regarding every placement drive.
