Talking about my three year journey at GPCG, it's been transformational process for me, from being introvert to being a successfully placed student at Shrimann Hospital as Executive & OPD Incharge. It was one of the best moments of my life. The Faculty here is one of the best I have ever come across. The Faculty and the placement cell have really helped us along every step. We were given practical knowledge about present day market and how to manage ourselves in it. They have trained us for different scenario in the interview process. They have always supported us and lifted us up when we failed. This diploma helped me to lift myself to new heights which I never thought I'll achieve. It was a fun Journey. The Faculty was really friendly here. In our diploma there is provision of six months of training, actually training changed a lot in me and brought in professionalism in my life and finally, I thank my Principal, Placement Cell and all my teachers who have helped me reach this stage.
